## Doris Banham Dog Rescue

Doris Banham Dog Rescue saves 100s of pound dogs from destruction every month. Their dedicated volunteers take them to safe rescue places with non-destruction policies.

They pay for veterinary treatment and all transport and boarding costs. The charity was set up to help all animals, but as they became increasingly aware of the heart breaking needless destruction of unclaimed dogs in dog pounds, they vowed to help them and the charity has developed to provide an essential life saving rescue service for these forgotten dogs. Thank you for your support.
